SECTION 3: UNIFORM INSPECTION PROCEDURE

- **There must be an Adult with your Unit at all times, or you will not be allowed to board the bus.**
- Uniform Inspection will occur BEFORE you can get on the bus to the Parade. The NAD Class “A” Pathfinder Uniform is required as specified in the uniform section.
- **The Drill Team must report to the designated staging area no later than 1: PM.** The Drill Team Leader will command their team to “Fall In” and then to “Open Ranks,” enabling the Inspector to effectively view the team’s uniforms. (To execute this command, see the Drilling and Marching Video available from Advent Source.)
- Once the Inspection is complete, the team leader calls their team to “Close Ranks” to proceed to board their assigned bus, per the Bus Coordinator.
- It is highly suggested that your Drill Unit bring someone to the staging area, which is NOT traveling to the Community Parade Site, just in case some item(s) need to be taken back to your Campsite. You will not be riding the same bus back after the Parade. Nothing can be left on the bus.
- **All emblems, patches, insignia, etc., MUST BE COMPLETELY sewn onto the Uniform. NO IRON PATCHES OR GLUE will be allowed.**

- Division separation will be measured from 30’ to 35’ of separation.
- You will be allowed to only perform a “moving drill” that will allow you to maintain “Forward Motion.” If in the event the parade becomes stalled, you may, and encouraged to use the area that you are stalled within, to perform other formations/maneuvers.
- If there is an opportunity that becomes available, because of parade stoppage, you will take that opportunity which to execute routine(s).
- You will execute some Drill Team Movements occasionally, for no more than 3 minutes.
- **Your Unit cannot be the reason the Parade is not maintaining forward movement for more than 3 minutes.**

When you approach the Review Stand, the Unit Leader will give the command “Eyes Right.” At this point, several things will take place:

1. All Files/Column will snap their heads to the right at a 45-degree angle.
2. The Right File **WILL NOT** turn their heads.
3. Simultaneously your Flag Details (if you choose to have one), will dip all of their flags, EXCEPT the American flag or your Country's flag.
4. The Leader will be the only one to salute the Review Stand.
5. After the designated Official returns your salute, the Leader will give the command: “Ready Front.”
6. At this time, the Flag Detail will return their flags to an upright position.
